

Dave Warrener from Relationships Australia Tasmania's Cultural Connections program and Belinda Howard from TAC invite you to a

Lateral Violence Workshop

Lateral Violence is a term that describes the way people in positions of powerlessness direct their dissatisfaction toward each other, toward themselves and toward those less powerful than themselves.

Lateral violence is behavior that includes gossip, shaming, blaming, put downs, creating rumours and bullying.

No person deserves to be abused by anyone or by any type of behaviours that represent lateral violence.

- Understand what lateral violence is and it's different forms
 - Know why people use lateral violence
- Gain strategies to reduce and eliminate lateral violence
